*To make quilt as shown with continuous unpieced Border 2, cut along the length of the fabric. You will need (2) 5 1/2" x 46" strips for the left and right side, and (2) 5 1/2" x 37" for the top and bottom. When cutting, center each strip along the portion of stripe you wish to highlight (see picture for guidance). We call for extra yardage to ensure you can place the motifs in a pleasing arrangement, and extra length to conform to the pattern instructions to construct borders and then trim to size. Cut the remaining borders & continue construction of quilt top per pattern.
